

WET DIAMOND DRILL

EBM352/3 is a powerful diamond drill with a heavy duty three speed gearbox

The large drive spindle is produced with dual 1/2" female and 1 1/4" male threaded spindle

The drill is used with water feed for wet drilling in reinforced concrete and floor slabs

The BST352 drill rig can be used as a vacuum base when fitted with the vac seal kit

The EBM352/3 drill and the BST352 rig have a quick mount system which allows the drill to securely slot into place

Max drilling with rig in concrete 352mm

32amp power supply required for 110v model

16amp power supply required for 230v model

Features

- heavy duty three speed diamond drill
- powerful motor & mechanical gearbox
- water feed for drilling reinforced concrete
- quick release clamp for use with drill rig

Applications

- wet drilling into reinforced concrete
- for plumbing & heating trades
- electrical & telecoms installation
- heating, ventilation & air conditioning
- drilling large diameter holes for pipework

EIBENSTOCK

ROTARY WET DIAMOND DRILL MOTOR, three speed, oil bath gearbox, 110v or 230v

Stock no	Description	Power	Speed	Weight	Max core Ø	Thread	Vibration	Noise	£ ex VAT
472352	EBM352/3 diamond drill	3000w	230/500/1030rpm	12.5kg	352mm	1 1/4" UNC	3.8m/s	78dBA	1299.00

DIAMOND DRILL & RIG, for drilling large diameter holes in concrete, floors & walls, 110v or 230v

Stock no	Description	Power	Speed	Weight	Rig	Max core Ø	Rig height	Vibration	Noise	£ ex VAT
472353	DBE352 drill & rig	3000w	230/500/1030rpm	35kg	BST352	352mm	995mm	3.8m/s	78dBA	2195.00

VACUUM SEAL KIT, for BST352 drill rig

Stock no	Description	£ ex VAT
4773582	vac seal kit	108.00
